Pros and Cons of Surface Materials

Asphalt Pros:

- longer lifespan, less maintenance
- high ADA accessibility
- supports more recreational uses such as rollerblading and skateboarding

Asphalt Cons:

- initial cost
- urban aesthetic

Gravel/ Stone Dust Pros:

- cost approx. 70-82% of asphalt
- natural trail appearance
- reasonably ADA accessible

Gravel/ Stone Dust Cons:

- maintenance and lifespan
- does not support recreational uses such as rollerblading and skateboarding
